Subject: Correspondence With the NSC

1. OBGI routinely sends copies of IR's and IM's to the NSC Staff. On a non-routine basis, specific RP's are sent. \* These are delivered by regular courier service as required by the classification of the report.

2. The only other kinds of reports we pass directly to the NSC Staff are those that we do that I know or believe to be of specific interest to Andy Marshall in the general area [REDACTED]

We have sent 2 reports of this sort in the past 6 months, via regular [REDACTED]. They are as follows:

PN 64.2476/1... Location of Brezhnev's Dacha

PN 64.2667...., Matrix on Availability of Information  
on Soviet Urban Conditions

(sent subsequent to a briefing of Mr. Marshall  
on Urban Conditions in the USSR)

3. To date, the authority for release to the NSC has been the Office Director. On occasion we have received requests, usually through the DDI's office, for support studies of various kinds that are intended eventually for NSC use. In these cases, the transmittal to the NSC Staff is not executed by us.
